2025 End of Year Statutory Data

At Colville School we are lucky enough to have a Specialist Centre for Speech and Language (SLC) which admits children from across Cambridgeshire. These children are on our school roll and taught in specialist classes, all have statements of Special Educational Needs. All of the children are recorded in our national data and so to provide a more accurate impression of how the school performs we have provided the data with and without the children from the SLC.
