Colville School Uniform Policy

Colville School aims to ensure that all children feel part of our community, are proud of their school and look smart for school. Our uniform policy and garment choices support these aims and ensure children are able to take part in all aspects of school life easily and safely. We provide a small range of high-quality items displaying the school logo, for parents and children who wish to do so, whilst also providing parents with the opportunity to buy similar items, without logos, from a range of local shops.

We strongly encourage the children to wear school uniform and praise those who do so regularly.
