

Colville County Primary School

Friday 27 February 2026

Dear Parent/Carer

I hope you all enjoyed a restful half term, the weather was not the kindest, but we seem to be heading towards spring now. I am really pleased that we should have the new climbing frame in use very soon, I know the children are keen to get on it! We have had a few issues with the installation due to the old climbing frame foundations, but these are hopefully resolved and we just need to get the bark around the bottom.

Many parents have spoken with staff and myself in parent meetings and around school with concerns around a range of issues, from children not sleeping well, to challenging behaviours to online safety and I am pleased to say that attached to my newsletter today is some information regarding workshops for parents on a number of these issues. Please do take the time to attend them if you feel they would help, they often provide a good opportunity to discuss your concerns within a safe group and share experiences so that you do not feel alone.

Please remember to consider putting yourself forward for a Parent Governor role in school, we are currently recruiting new ones to this crucial part of the school. There is no experience needed, no specific skills required and just a willingness to share your thoughts and views on the school in a positive and constructive manner. Today is the last day for nominations, don't miss out on this chance to help shape and develop our school.

It is World Book Day next Thursday, children are welcome to come to school dressed as their favourite book character, the children will take part in a number of book themed activities during the day and hopefully continue to develop their love of reading.
